

# Our workplace is environmentally conscious. How can we keep things green?

Made with a plant-based polymer!

Outlasts 30 rolls of paper towels! Made from recycled and plant-based fibers.

SCS & level certified furniture

100% tree free

Many Energy Star printers to choose from.

It's not the same old thing anymore regarding green products. Manufacturers are now using innovative technologies to transform organic products into adhesives for tapes and adhesive notes, envelopes, plates, cups, bowls and eating utensils.

We are committed to providing choices to help protect our environment: Recycled, biodegradable, compostable, sustainable, Energy Star rated, nontoxic, and biobased offerings, as well as those products certified to meet stringent environmental standards.

## BREAKROOM

Energy Star appliances, compostable cutlery and cups, recycled paper products, biodegradable and biobased dishwashing soaps and more!

## CLEANING

You'll find lots of nontoxic and biodegradable products and chemicals kinder to our environment throughout the catalog.

## FURNITURE

Many options meet stringent environmental standards and contain recycled materials. Office suites, desks, chairs, storage, boards, chairmats and more!

## GENERAL OFFICE SUPPLIES

Static free biodegradable packing peanuts, Energy Star light bulbs, nontoxic pens with recycled content, biobased printer cartridges, sugarcane envelopes and so much more!

## TECHNOLOGY

You'll find lots of Energy Star rated printers and appliances, reusable flash drives, rewritable CD/DVD media, environmentally-friendly computer/screen cleaners, as well as recycled media storage, CPU stands, monitor arms, and keyboard platforms.
