

Choosing the right chairmat

will provide years of surface protection.

- Extend carpet life
- Protect fine hard floors
- Ensure smooth mobility

STEP 1 FLOOR TYPE

CARPETED FLOORS **HARD FLOORS**

For best performance, select a thicker mat for heavier weight or higher usage

ALL PILE	HARD FLOOR	Polycarbonate
HIGH PILE		Over ¾" Thick
MEDIUM PILE	HARD FLOOR	½" Thick
LOW PILE		¾" Thick
LOW PILE	HARD FLOOR	¼" Thick

HIGHER LOAD & USE

LIGHTER LOAD & USE

STEP 2 WORKSPACE

SIZE & SHAPE

Measure your allowable rolling distance and pick the shape that best fits your area.

Width x Length

RECTANGLE Versatile for use with most desks	LIPPED For use under desks with smaller opening	WORKSTATION For use with L-configuration and corner workstations	CONTOUR For use in modern offices
---	---	--	---

STEP 3 SELECTION

FEATURES TO CONSIDER

Determine if these features meet your specific needs...

DECORATIVE	POLYCARBONATE	RECYCLED	ANTI-STATIC	GLASS CLEAR	BLACK MAT	STANDARD
------------	---------------	----------	-------------	-------------	-----------	----------

MEASURING CARPET THICKNESS

- 1 Open one end of a paper clip
- 2 Insert paper clip into carpet and pad, pushing down to the sub-floor.
- 3 Measure the portion of the paper clip that entered the carpet and pad.

ICONS

studded back Studded/ Gripper Back Notched studs grip carpet, but won't pierce or damage carpet backing.	anti-static Anti-Static Designed for use with sensitive electronic equipment. Chemically formulated to dissipate static electricity before it has a chance to damage sensitive equipment.
smooth edge Smooth Edge Smooth edge for easy-on/easy-off chair movement.	checked back Checked Back Premium mat features innovative checkered grid on bottom for optimum carpet grip.
crystal clear Crystal Clear Transparent mats let the beauty of your flooring shine through.	

Why you need a chairmat...

DID YOU KNOW?

A chairmat provides smooth mobility, reducing the amount of stress on your back.

DID YOU KNOW?

The higher the load and usage the thicker the your chairmat you should choose.

DID YOU KNOW?

Using soft wheel casters increases chairmat performance and extends mat life.
